

## 10. USEFUL WEBSITES

- ASSIST: <http://www.assist.org>

ASSIST is an online student-transfer information system that shows how course credits earned at one public California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's public colleges and universities and provides the most accurate and up-to-date information about student transfer in California.

- EECS Graduate Affairs: <http://www.eecs.berkeley.edu/GradAffairs/>
- EECS Joint Colloquium: <http://www.eecs.berkeley.edu/Colloquium/>

This colloquium is dedicated to hosting presentations at the intersection of Electrical Engineering and Computer Science. The colloquium consists of a mix of short faculty presentations presenting their latest research results, with presentations of internationally distinguished speakers who are brought to campus to interact with our department's community.

- EECS Research Summary: <http://www.eecs.berkeley.edu/IPRO/Summary/>

The Research Summary is produced once a year by the EECS Industrial and Public Relations Office. Hardcopies of the latest book are available from the Public Relations Office.

- Electronic Mail Policy: <http://www.ucop.edu/ucophome/policies/email/email.html>
- ERSO: <http://www.erso.berkeley.edu/>

The Engineering Research Support Organization functions as a central hub, providing research administration support to all research centers, departments, and affiliated ORUs in the UC Berkeley College of Engineering. ERSO focuses on providing effective and efficient research administration, which allows the faculty to focus on developing and growing the research enterprise rather than managing business services. ERSO will maintain a customer-oriented operation, with appropriate levels of faculty and staff oversight to support a culture of continuous improvement.

- Tau Beta Pi (TBP): <http://tbp.berkeley.edu/>

Tau Beta Pi is the oldest national engineering honor society in the country, and one of the most nationally recognized societies. TBP stresses scholarship, personal character, and service to the profession, community, and college. Every semester, we invite the top fifth of seniors and the top eighth of juniors from all engineering majors to join.
