

The Mission of the EECS Department

Educating future leaders in academia, government, industry, and entrepreneurial pursuit, through a rigorous curriculum of theory and application that develops the ability to solve problems, individually and in teams.

Creating knowledge of fundamental principles and innovative technologies, through research within the core areas of EECS and in collaboration with other disciplines, that is distinguished by its impact on academia, industry, and society.

Serving the communities to which we belong, at local, national, and international levels, combined with a deep awareness of our ethical responsibilities to our profession and to society.
