

## Cisco Systems Internet Generation Award

April 7, 2008

Congratulations on your admission as a freshman to the Department of Electrical Engineering and Computer Sciences at the University of California at Berkeley. You are one of a very select number of students admitted to a very top university. Cisco Systems invites you to apply for the Cisco Systems Internet Generation Scholarship, which offers \$5,000 per year, for four years.

If you win a Cisco scholarship, the award is contingent upon your choosing to attend UC Berkeley in the EECS Department for the 2008 - 2009 academic year. **You may apply either online using the URL below which contains under CISCO SCHOLARSHIP the application or guidelines: <http://www.eecs.berkeley.edu/Programs/scholarship/EECS.html> or by printing out the application as a Word document attached to this letter, filling it out, and emailing it back as a Word attachment. In either case, you will need to send your letter of recommendation and transcript by surface mail.** If you choose to apply, please fill out the form and send it back as soon as possible. If you have questions about the application process, you may contact the EECS Department, in care of Dr. Sheila Humphreys, Director of Diversity, EECS Department. She will be present at the EECS Information Session for Admitted Freshmen at Cal Day, Saturday, April 12, in Sibley Auditorium at 1 pm. Her email and phone contacts are: [humphrys@eecs.berkeley.edu](mailto:humphrys@eecs.berkeley.edu), 510-643-1974. Award winners will be selected by Cisco Systems. Best of luck as you select a college or university!

Sincerely,

David Jaffe
